

Explurger – Monthly Compliance Report

This Compliance Report has been published by Explurger in accordance with Rule 4(1)(d) of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021. This report is intended to provide transparency regarding grievances received, content moderation actions taken, and Explurger's commitment to compliance with applicable laws.

1. Purpose of This Report

The purpose of this report is to inform users, regulators, and stakeholders about how Explurger handles content moderation and grievances, and how it complies with applicable laws and regulations, including the Information Technology Act, 2000 and associated rules, where applicable.

2. Legal Framework

Explurger operates as a social media intermediary and complies with applicable laws and regulations, including the Information Technology Act, 2000 and the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021, where applicable. These laws require intermediaries to exercise due diligence, publish periodic compliance reports, and establish grievance redressal mechanisms.

3. Commitment to Compliance

Explurger is committed to maintaining a safe, respectful, and lawful platform. The company has implemented internal policies, automated systems, and trained moderation teams to ensure compliance with applicable legal obligations and platform policies.

4. Content Moderation Framework

Explurger follows a multi-layered content moderation framework combining automated technologies and human review.

4.1 Automated Moderation (AI/ML Systems): Explurger uses automated AI and machine learning models to analyze text, images, and videos uploaded to the platform. These systems proactively flag potentially violative content such as NSFW material, sexual exploitation, abuse, or previously identified unlawful content.

4.2 Human Review and Oversight: Content flagged through automated systems or user reports is reviewed by Explurger's Content Moderation Team. Decisions are taken in accordance with Explurger's Terms of Service, Community Guidelines, and applicable laws. Oversight is provided by the Compliance function.

5. Types of Complaints Received

Explurger receives complaints through two primary channels:

5.1 In-App Reports and Automated Flags: Users may report posts, locations, comments, or user accounts using the in-app reporting functionality. Additionally, content flagged by automated moderation systems is treated as a report and reviewed accordingly.

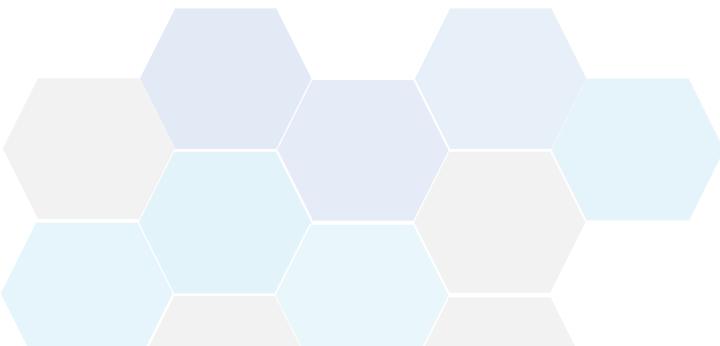

5.2 Grievance Officer Reports: Explurger also receives complaints via email addressed to the Grievance Officer. These complaints may originate from individuals, legal entities, or government authorities reporting serious or multiple violations.
